WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

DON'T SCOLD, MOTHER THE CROSS CHILD IS BILIOUS, FEVERISH

Look at tongue! If coated, clean little stomach, liver, bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has a stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless, "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Fault of the Clerk.

The court clerk was examining an applicant for citizenship papers. Unfortunately, the clerk didn't ask his questions in the order in which the man from across the seas had been taught the answers.

"Do you speak English?" asked the clerk.

"Sure Mike" was the answer.

"How long have you been in this country?"

"Michigan."

"How tall are you?"

"Forty years."

The clerk sighed. "I think you'd better get an interpreter," he said.

Worms Used in Medicine.

The earthworm, or the common fishworm, was utilized by the medical practitioners in Europe two and three hundred years ago. The worms were for internal administration, and sometimes made into an ointment or embrocation for external use.

PROVENCE

Provence, Okla., Jan. 3.—The new year was ushered in with a heavy rain, and quite a windstorm. Hope this does not mean that 1916 will be blustery all the year through.

The Christmas holidays were spent quietly and pleasantly by most everyone.

There was a union meeting held by the Holiness people and Free Will Baptists which lasted throughout the holidays.

Mr. and Mrs. A. L. Fenley entertained the young people New Year's night with a singing.

Mrs. Scott, Miss Eunice Scott, and Mrs. Loggans, teachers of the Providence school, surprised their pupils with a Christmas tree on Wednesday evening before Christmas. The tree was arranged upstairs in the school building. The room was prettily decorated with mistletoe and other decorations, which spoke the season's greetings. When everything was ready the children marched upstairs, and after a short program the gifts were distributed. Everyone was remembered and a very pleasant evening was spent by all.

Mr. and Mrs. Wilson of Aurora, Mo., spent Christmas with their sister, Mrs. Nancy Adams.

Mr. and Mrs. Tom Clay of Shamrock, Tex., spent the holidays here with relatives.

Mrs. W. T. Williams, who spent several days with her sick brother near Ray, has returned home. "Grandma" Williams is visiting her son at Bonita, Tex.

J. V. Holley had the misfortune to accidentally shoot himself in the foot while hunting Christmas day. The wound, while very painful, is not considered serious, although it will be some time before he will be able to walk.

How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent hoarse cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with quinine, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "Pinex" and don't accept a cheap imitation. A guarantee of absolute purity is given by prominent druggists. Pinex is a preparation. The Pinex Co., St. Louis, Mo.

fever so long, are reported much improved.

We hear a good deal of sickness in the community, mostly lagrippe.

There is some moving and changing of places.

Or, Cook and Miss Ruby Butler, Everett Pruitt and Miss Mollie Owens were married during the holidays. "Squire" J. W. Fair officiated. We wish these young people a happy future.

Rev. and Mrs. Powers of Ardmore were the guests of Mrs. Scott Saturday night.

Wishing The Ardmoreite and its many readers a happy new year.

Women of Sedentary Habits.

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

RAILROAD NOTES

It will cost western roads \$200,000 to prepare new tariffs covering increased interstate passenger rates, effective January 15.

The French government has placed an order for \$5,000 tons of steel rails with the Pennsylvania Steel company delivery to begin this month.

According to official announcement from the company, the Baltimore & Ohio railroad does not employ detectives to photograph employees when indulging in intoxicating liquors. It is explained that absolute sobriety is insisted upon by the company while employees are on duty. Their personal liberty is not interfered with off duty.

The Michigan Railway company has acquired control of the Grand Rapids, Holland and Chicago Railroad company in addition to the Michigan United Railway and the Michigan United Traction company. All operations in future will be carried on under the name of the parent company.

The Missouri, Kansas & Texas has ordered twenty-one passenger cars from the American Car and Foundry company. This road has also placed contracts for 2,000 freight cars. Hundreds of thousands of dollars additional revenue will be derived annually by railroads west of the Mississippi as a result of the interstate commerce commission's decision allowing material increases in freight rates. Most of the advances, which include such commodities as agricultural implements, canned goods and boots and shoes, take effect January 31.
